

We are currently in search of a highly skilled and motivated Data Scientist with extensive expertise in Power BI to join our team. As a key member of our team, you will play a crucial role in analyzing and evaluating data, connecting interfaces and data sources, and programming to develop robust backend systems. Your responsibilities will include modeling and compiling data, as well as creating and interpreting key performance indicators (KPIs). While previous experience in controlling and online marketing is desirable, it's not a requirement.

How to apply

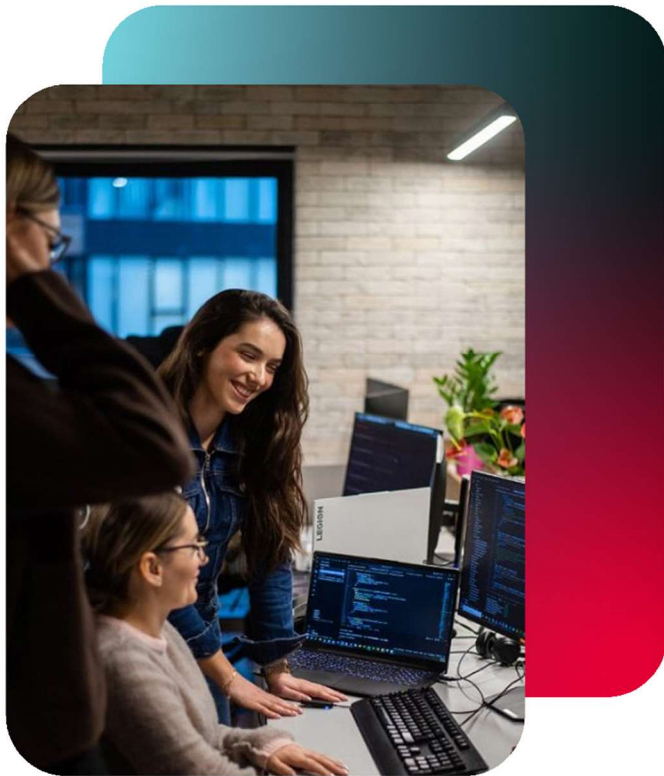

If you are excited about the opportunity to contribute to innovative projects and grow in a dynamic environment, please send your CV to recruiting@wisotech.de
